Close to the heart

THE EXPANDED COLLECTION

Twelve fragrances. Twelve personal stories.

EAU DE PARFUM / 100 ML

A fragrance becomes part of your story.

The scent you wear on an ordinary morning can become the detail you remember years later.

ALBI begins with that connection. Our expanded collection follows twelve moments, from the brightness of first light to the intimacy of twilight.

01 / LIGHT

Noor نور

LUMINOUS CITRUS

The day is still unwritten.

The window is open. Somewhere below, the city is waking. For a moment, there is nothing to hurry towards. Noor belongs to that clean beginning: light on the skin, possibility in the air.

Bright grapefruit and bergamot, sparked by ginger. A crisp citrus profile with a lively, spicy edge.

Khayal خيال

CITRUS TEA WOODS

Follow the thought further.

A cup of tea cools beside an open notebook. One line becomes a destination; a familiar street becomes the beginning of a journey. Khayal is for the pleasure of imagining what comes next.

Citrus opens into neroli, ginger and cinnamon. Black tea, Ambroxan, guaiac wood and olibanum bring depth to the base.

03 / LIFE

Hayat حياة

FRUITY GOURMAND

Let the ordinary overflow.

Someone brings fruit to the table. Someone pours another glass. Lunch becomes an afternoon nobody wants to end. Hayat celebrates these generous, unplanned hours: the simple pleasure of being here, together.

Bergamot and green notes lead into melon, pineapple, gourmand sweetness and amber. Woods, vanilla and musk soften the finish.

Layl ليل

SPICED FLORAL VANILLA

The evening is yours to keep.

The last reservation has passed, but the conversation has not. Outside, the city glows; inside, another story begins. Layl belongs to the hours you borrow from tomorrow, simply because the company is too good to leave.

Apple, bergamot, lavandin and cinnamon meet white florals. Vanilla, tonka bean, amber and patchouli create a warm, sweet base.

Hala هالة

FRUITY FLORAL

A little mystery stays with you.

A glance across the room. A smile that feels like a secret. You leave before the evening ends, but something of the moment remains. Hala is the playful confidence of making an impression without saying everything.

Blood orange, bergamot and cardamom open into apple, peach, rose and margarita. Vanilla, resins, woods and musk add a warm finish.

06 / SEA

Darya داریا

AQUATIC FLORAL

Let your heart breathe.

The road ends where the sea begins. You leave your shoes on the sand and walk towards the water, carrying nothing that cannot wait. Darya is that first unhurried breath: a little freedom, held close.

Juicy watermelon and pineapple meet a delicate lily-of-the-valley accord. Blackcurrant and soft woods lend depth to a fresh, fluid floral profile.

Aseel أصيل

WOODY OUD

Some things remain true.

An old wooden door opens onto a familiar room. Nothing needs explaining here: the welcome, the warmth, the feeling of belonging. Aseel honours what stays with you as everything else changes.

Raspberry and quince introduce sandalwood and animalic nuances. Oud and palisander rosewood form a rich, enveloping woody base.

Athar أثر

CITRUS WOODY

What remains is a feeling.

You take the long way home. The light has changed, but a conversation still travels with you. Athar is the trace of a person, a place, a moment: something invisible that makes the familiar feel different.

Orange and grapefruit give way to a flinty mineral heart. Woody notes, oakmoss and benzoin bring warmth and depth to the drydown.

09 / A SURGE OF FEELING

Élan إيلان

AROMATIC CITRUS SPICE

Follow the first spark.

A glance becomes a conversation. A familiar afternoon takes an unexpected turn. Élan belongs to that small surge of courage: the moment you stop rehearsing what to say and let the feeling lead.

Basil, vetiver and black pepper introduce a vivid aromatic profile. Grapefruit brings brightness, while patchouli gives the composition an earthy foundation.

CITRUS FLORAL MUSK

A softer way to stay close.

The room is quiet. A sleeve brushes your wrist; a hand rests beside yours. Nothing remarkable happens, and nothing needs to. Seta is the comfort of being understood without having to find the words.

Bergamot, mandarin and white magnolia open softly. Blackcurrant and white sandalwood lead into a comforting base of white and rose musks.

11 / ADORNING THE HEART

Delara ديلارا

PISTACHIO GOURMAND

Sweetness is better shared.

Two cups arrive with one dessert and two spoons. Outside, the afternoon slips by unnoticed. Delara celebrates the person who makes an ordinary hour feel generous: a little sweetness, a little laughter, a memory worth keeping.

Pistachio cream opens into cocoa, coffee and white flowers. Tonka bean, sandalwood and musk add warmth to a rounded, comforting gourmand profile.

WOODY AMBER

When the world grows quiet.

The last light rests on the windows. Somewhere, music begins, but neither of you is ready to leave. Vespro belongs to the pause between day and night, when a quiet conversation becomes the part of the evening you remember.

Bergamot and angelica bring a fresh opening to patchouli and coumarin. A woody amber base creates a smooth, warm profile with a softly shaded finish.
